EVERGREENS*

*Most evergreens are only safe to dig before new growth flushes (Usually around May 1st), and then again after that new growth hardens off (Late August). Please plan anticipated installs accordingly.

Quality Guarantee:

All nursery stock is guaranteed in excellent condition when it leaves Lake Forest Gardens. All claims for damaged goods or shortages must be made upon receipt of stock.

Basic Planting Instructions

Dig hole twice as wide as the root ball.

Plant even with or slightly higher than existing ground level.

Back fill with the same soil.

Soak soil by watering deep and long.

Prevent the root ball from drying but do not keep it too wet.
